

EVAN COOPER

Seeking Developer Role

RECENT WORK EXPERIENCE

- **Freelance Web Developer** / [BuiltByCooper.com](#) / Aug '16 - Present
 - Aid in building brands and implementing brand strategy.
 - Collaborating with a self-built network of free-lancers, bringing client visions to reality on time and on budget.
 - Constantly learning new technologies to expand my reach - while always developing within proper standards (Currently learning Gulp and Sass).
 - Write sales-minded copy for websites, print, and business collateral.
 - Notable Achievement: Deploying 8 marketing landing pages for Country Clubs across the U.S .
- **Co-Founder/Director** / [Stand Fast, Inc.](#) / July '14 - Dec '15
 - Worked with a partner to develop TheFitFuture.com, an innovative platform connecting Personal Trainers and Health Coaches with clients to train over webcam.
 - Interviewed over 100 potential candidates, successfully integrated 12 into our site.
 - Worked closely with SBDC, Harvard Transactional Law Clinic, and SCORE mentors to develop business plan, practices and structure.
 - Developed company from nascency through early revenue stage, exiting due to longevity concerns.
 - Managed day to day operations including bookkeeping, personnel management, brand strategy, among myriad others.

MILITARY EXPERIENCE (6 YEARS)

- ★ **Mortar Squad Leader** / [Mass National Guard](#) / May '14 - Nov '16
 - Created and executed training plans while working within the paradigms set forth by higher level leadership to achieve mission readiness in preparation for a deployment.
 - Acted as liaison between my squad and other elements within unit to coordinate the training and logistics necessary for company-level mission success.
- ★ **Mortar FDC Chief** / [U.S Army, Fort Bliss, TX](#) / Aug '12 - May '14
 - Ran the fire-direction control and computing for company level training and live fire misions.
 - Planned training missions, crafted range safety controls, oversaw execution, while performing in role as computational chief.
- ★ **Mortar Team Leader** / [U.S Army, Wardak Province, Afghanistan](#) / Sep '11 - Sep '12
 - Began deployment as mortar team member. Volunteered to take over when position opened despite my junior rank. In "on the fly role" –
 - Self-taught complicated FDC (fire-direction computation) through textual study and practice when not on missions.
 - Rapidly absorbed command directives, formulated multi-level plans, taught plans to subordinates, than led subordinates to successful completion of planned missions in stressful environments
 - Led mortar teams on over 200 combat missions including direct action and support by fire, developing excellent small unit leadership abilities under high duress.
 - Learned and performed in other critical roles including triage medical care and detainee operations.
 - Protected classified information, maintaining the confidence of my leaders and peers without a single breach.
 - Ensured the emotional welfare of section by instituting group "sensing sessions". This practice, along with direct personal intervention in problem areas, helped maintain happiness and camaraderie under the most difficult of circumstances.
- ★ **Mortar Infantryman** / [U.S Army, Fort Bliss, TX](#) / Jan '11 - Sep '11

EDUCATION

- **BA Communication Studies/ CS Focus/** [2014 - 2017](#)
University of Masscahusetts Boston - GPA 3.89
